

PART ROUNDUP OF MOTORISTS

Arrests Follow Tightening Up On Traffic Laws

Line with the more rigid enforcement of the traffic ordinance relative to sorts of vehicles, Chief of Police Allison ordered traffic officers to arrest motorists violating such laws. Four arrests were made last night in business section.

Smith, 21 years of age, was arrested by Motorist Officer C. E. for crossing from the east side of Washington avenue between city-fourth and Twenty-fifth streets while driving north along the middle of the block where the right of way is located.

A defendant, a woman, pleaded guilty in the city court this morning. She was found guilty and sentenced to pay a fine of \$1 by City Judge R. Roberts.

P. Sparr and Jane Doe, defendant, arrested on the same charge for violation of the ordinance in the locality, failed to appear for trial and the bail, amounting to \$10, was declared forfeited.

Richard Leek, arrested on the same charge, between Washington and the avenues on Twenty-fourth street, failed to appear and his bail of \$10 was declared forfeited.

Chief of Police Allison said this morning that hereafter the ordinance his respect as well as all other traffic ordinances were to be rigidly enforced.

Numerous automobile accidents resulting in damage to cars and injury to drivers and occupants, had been reported recently, said to be caused by the part of drivers in observing the laws regulating traffic in the congested districts of the business and numerous complaints had been received at police headquarters from citizens by careless drivers.

P. PRESIDENT OGDEN VISITOR

Mr. R. Gray, president of the Union Pacific system, arrived in Ogden today on Omaha overland Limited No. route to San Francisco.

There is no special significance to his visit, said Mr. Gray. "I am en route to Salt Lake this afternoon and will return to Ogden tomorrow and meet some of the Ogden officials."

He is expected to continue on to San Francisco.

The presence in Ogden today of President Sproule and myself is a coincidence.

Mr. Sproule was a passenger on the Omaha Limited and was met at the station by Mr. Gray.

Two railroad chiefs met at the station and shook hands. Mr. Gray is leaving alone.

In drawing this picture, the artist has made use entirely of the figures: 1, 2, 3, 4, 5, 6, 7, 8, 9. There are no other marks or lines. Count each figure by itself: there are NO combinations like 12, 13, 14 etc. just the simple numerals, 1, 2, 3, 4, 5, 6, 7, 8, 9.

THE PROBLEM is to find the total sum of all of the figures used in drawing this picture.

The tops of the sixes are curved, and the bottom of the nines are straight.

The first two hundred answers filed giving the correct total will be awarded a season ticket for October. Should there not be two hundred correct answers the two hundred answers filed nearest the correct answer will be awarded the prizes offered.

WHAT'S IN A CREAM PUFF?

They are made from fresh ranch eggs, milk and flour, but the best part is the rich yellow looking cream. This cream is from our own herd of Guernsey cows living in Ogden Valley, the best dairy valley in the state. The cows are milked by a milking machine and the cream is separated by machine and then delivered to our store every morning. Today's cream today. By having our own ranch and cows we are able to sell these delicious puffs for fifty cents per dozen, milk ten cents a quart, whipping cream sixty cents a quart. Greenwell's Confectionery—(Adv.)

Smothered By Gas

One of the most harrowing experiences possible to describe is that awful smothering sensation caused by gas pressure about the heart. Such an attack may be accompanied by choking and gagging, extreme nervousness, heart palpitation, pain, high blood pressure or various forms of stomach distress.

If you wish to avoid these smothering spells and their evil effects, take Baalman's Gas Tablets before and after meals. There will be no more gas pressure around the heart, no bloating, no discomfort. You will eat better, sleep better and feel better.

Go today and obtain a dollar package of Baalman's Gas Tablets from A. R. McIntyre Drug Co. or any other reliable druggist. Heads from the very first dose will amaze you. J. Baalman, Chemist, San Francisco—Advertisement.
